### REASONS FOR ALLOWANCE

1. The following is an examiner's statement of reasons for allowance: the prior art references fail to teach or suggest the method for producing superconducting cable including steps: assembling the superconducting bars surrounding the copper core by using assembly templates; tying the bars onto the core to form a semi-finish assembly; sliding the semi-assembly onto a plurality of rings then onto the tube to form an assembly; then the assembly subjected to a number of plastic deformation operations carried out solely by cold plastic deformation steps alone or in combination with other limitations set forth in the present invention's claims (see amended claim 13).

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Donghai D. Nguyen whose telephone number is (571)-272-4566. The examiner can normally be reached on Monday-Friday (9:00-6:00).
